HEAVY DUTY DUAL-SIDED WIPES

DESCRIPTION

Heavy Duty Dual Sided Wipes are a HIGHLY absorbent, durable scrubbing wipe with agitation dots on one side to loosen the difficult grime.

Picks up grease, oil, paint and holds the grime without transferring to hands.

“Best in Class & The Hardest Working Wipes” perfect for today’s markets!

FEATURES / BENEFITS:

- Smooth on one side with agitation dots - enhanced scrubbing
- Made from SPUNLACE - clothlike feel
- Pre-moistened – great for on the jobsite
- The Spunlace fabric is highly effective for cleaning the smallest cracks & surface imperfections
- Extra-large wipe size - for greater volume wiping tasks
- Contains Aloe Vera - keeps hands moisturized
- Durable, easy open container - great for portability

SPUNLACE VS. PLASTIC WIPES

- Best Working Wipes Heavy Duty Dual-Sided Wipes are smooth on one side and have white **agitation dots** on the other.
- Spunlace Manufacturing Process produces a softer, more clothlike wipe that is much more durable and absorbent than traditional plastic wipes.
- Holds the grime vs. transferring to your hands
- Plastic wipes tend to push and move solubles around vs. absorbing (paint, oil, grease, etc.)

| Best Working Wipes - Spunlace | Competitors – Plastic Wipes |
|---|---|
| Biodegradable Absorbent Durable Unique and new | Not Biodegradable Not very absorbent Weak and tear easily Old Technology |

HEAVY DUTY MULTI-PURPOSE WIPES

DESCRIPTION

Heavy Duty Multi-Purpose Wipes have an open construction that allows the soft spunlace wipe to have excellent grab and absorbency, perfect for mechanics, automotive and painting industries.

FEATURES / BENEFITS:

- Pre-moistened - great for on the jobsite
- The Spunlace fabric is highly effective for cleaning the smallest cracks & surface imperfections
- Extra-large wipe size - for greater volume wiping tasks
- Heavy Duty strength - use on all surfaces
- Skin-patch tested - safe to use on skin
- Contains Aloe Vera - keeps hands moisturized
- Durable, easy open container - great for portability

HEAVY DUTY PLANT-BASED WIPES

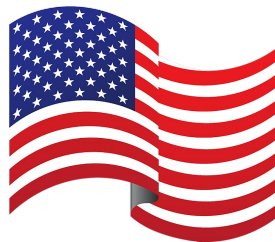

DESCRIPTION

Heavy Duty Plant-Based Wipes are made from sustainable plant fibers and are 100% biodegradable. These wipes are made without plastics or the use of fossil fuels and oil reserves.

FEATURES:

- 100% Sustainable
- 100% Biodegradable
- Outperforms polypropylene (plastic) wet wipes
- Super absorbent with high lift on grime
- Perfect for all your “Household” Cleaning chores.
- Great for cleaning glass, granite and safe on most surfaces!
